

TECHNICAL SPECIFICATIONS

CREATIVECOLORS STAGE

2026

09072026R1

*This document is only a summary of our technical facilities, and is subject to change.

We run a 'Fixed Rig' policy. Please contact us if you wish to make any changes or additions to the lighting rig. Please call or mail for any further technical or general information.

SOUND

MAX SOUND LEVEL

*Leq=103 dB(A) over 15 minutes, measured/logged according to national covenant.

Please note this is the legal max sound level; the Boerderij prefers a maximum of **Leq=100 dB(A) over 15 minutes.**

*The legal max sound level is valid if the average age of the audience is above 18. If the average age is below 18 the legal max sound level is also lower.

ELECTRICAL SAFETY

All incoming electrical equipment should be safe, well maintained and have been portable appliance tested. Although documentation will not strictly be required, evidence of testing should be available. In-house staff will not allow potentially unsafe equipment to be used or connected to the electrical systems.

The Boerderij will assume no responsibility, if the incoming company cannot comply with these requests.
